1 Document Revision History 2

Contents

1 Abstract 4

2 Introduction 4

3 Literature Review 6

4 Problem Statement 6

4.1 Customer(s) 6

 4.1.1 Types of Customers 6

 4.1.2 Customer Needs 6

4.2 Use Case(s) or Scenario(s) 6

4.3 System Boundary 6

4.4 Interfaces and Interface Risks 6

5 System Design 6

5.1 Translation of Customer Needs (CNs) to Candidate Functional Requirements (FRs) 6

5.2 System Design Map (to 5 levels) 6

5.3 Value Streams 6

 5.3.1 Description of Value Streams/Major Process Steps 6

 5.3.2 Activities, Connection and Flow (ACF) Diagram for Each Process/Value Stream 6

5.4 Standard Work 6

 5.4.1 Job Classification Requiring Standard Work 6

 5.4.2 Standard Work for each Job Classification/Activity 6

 5.4.3 Process for Sustaining Standard Work 6

 5.4.4 Process for Improving Standard Work 6

6 Conclusions 6

7 Lessons Learned 6

7.1 Related to Design 6

 7.1.1 Use of Collective System Design 6

 7.1.2 Use of Lean 6

| | |
|--|----------|
| 7.2 Related to People's Job Definition | 6 |
| 7.3 Related to Improvement | 6 |
| 8 References | 6 |
| A System Design Map | 6 |
| B List of Acronyms | 7 |
| C Questions for Preceptors | 8 |
| C.1 Dr. Walker | 8 |
| C.2 Dr. Kinard | 8 |
| C.3 Mr. Swartz | 8 |
| C.4 Dr. Hayhurst | 8 |
| C.5 Dr. Mirro | 8 |

1 Abstract

2 Introduction

-

3 Literature Review

4 Problem Statement

4.1 Customer(s)

4.1.1 Types of Customers

4.1.2 Customer Needs

4.2 Use Case(s) or Scenario(s)

4.3 System Boundary

4.4 Interfaces and Interface Risks

5 System Design

5.1 Translation of Customer Needs (CNs) to Candidate Functional Requirements (FRs)

5.2 System Design Map (to 5 levels)

5.3 Value Streams

5.3.1 Description of Value Streams/Major Process Steps

5.3.2 Activities, Connection and Flow (ACF) Diagram for Each Process/Value Stream

5.4 Standard Work

5.4.1 Job Classification Requiring Standard Work

5.4.2 Standard Work for each Job Classification/Activity

5.4.3 Process for Sustaining Standard Work

5.4.4 Process for Improving Standard Work

6 Conclusions

7 Lessons Learned

7.1 Related to Design

7.1.1 Use of Collective System Design

7.1.2 Use of Lean

7.2 Related to People's Job Definition

7.3 Related to Improvement

8 References

A System Design Map

B List of Acronyms

C Questions for Preceptors

C.1 Dr. Walker

C.2 Dr. Kinard

C.3 Mr. Swartz

C.4 Dr. Hayhurst

C.5 Dr. Mirro
