Prof. D. S. Cochran

SE5XX
Revision 1.2

February 12, 2018

Table 1. Document Revision History

Revision	Date	Reason for Revision Change(s)
Number	Date	Add explanation

Table of Contents

1 Abstract	4
2 Introduction	4
3 Literature Review	4
4 Problem Statement	5
4.1 Customer(s)	5
4.1.1 Types of Customers	5
4.1.2 Customer Needs	5
4.2 Use Case(s) or Scenario(s)	5
4.3 System Boundary	5
4.4 Interface Definition and Interface Risks	5
5 System Design	6
5.1 Translation of Customer Needs (CNs) to Functional Requirements (FRs)	6
5.2 Product Design Decomposition Map	6
6 Architecture Framework	7
7 Detailed Design	8
7.1 Design Description and Drawings	8
7.2 Materials Definition and Selection	8
7.3 Applicable Standards	8
7.4 Analysis and Calculations	8
8 Test Plan, Risk Mitigation, FMEA	9
8.1 Test Plan	9
8.2 Risk Mitigation Plan	9

8.3 Design FMEA	9
8.4 Process FMEA	9
9 Design Enhancements	10
10 Conclusions	10
11 Lessons Learned	10
12 References	11
Appendices	12
A. Product Design Decomposition Map	12
B. ...	12

1 Abstract

2 Introduction

3 Literature Review

4 Problem Statement

4.1 Customer(s)

4.1.1 Types of Customers

4.1.2 Customer Needs

4.2 Use Case(s) or Scenario(s)

4.3 System Boundary

4.4 Interface Definition and Interface Risks

5 System Design

5.1 Translation of Customer Needs (CNs) to Functional Requirements (FRs)

5.2 Product Design Decomposition Map

6 Architecture Framework

7 Detailed Design

7.1 Design Description and Drawings

7.2 Materials Definition and Selection

7.3 Applicable Standards

7.4 Analysis and Calculations

8 Test Plan, Risk Mitigation, FMEA

8.1 Test Plan

8.2 Risk Mitigation Plan

8.3 Design FMEA

8.4 Process FMEA

9 Design Enhancements

10 Conclusions

11 Lessons Learned

12 References

A. Product Design Decomposition Map
