for Standards and Technology & Director, National Institute of Standards and Technology

28 Certain commercial entities, equipment, or materials may be identified in this document in
29 order to describe an experimental procedure or concept adequately. Such identification is
30 not intended to imply recommendation or endorsement by the National Institute of
31 Standards and Technology, nor is it intended to imply that the entities, materials, or
32 equipment are necessarily the best available for the purpose.

Table of Contents

51	1 Introduction	1
52	1.1 All Subsection Headings Capitalized	1
53	References	2
54	Appendix A: Supplemental Materials	3
55	Appendix B: Change Log	3

56

List of Tables

57	Table 1 Title.	1
----	----------------	---

58

List of Figures

59	Fig. 1 This is the caption text.	1
----	----------------------------------	---

60 **Glossary**

61 Delete if not applicable

62

63 **1. Introduction**

64 The chrysanthemum can be seen in Fig. 1. You can learn more about flowers in Refs. [1–
65 15].

66 **1.1 All Subsection Headings Capitalized**

67 This can be seen in Eq. (1) and Table 1. Information about flowers is available in Sec. 1.¹

$$x^n + y^n = z^n \tag{1}$$
